Engineering Works

- Permanent Capping

Capping Programme to start 2026

- Surface Water Management

Lagoons and pumping system in place, monitoring

Developments

- Solar park planning application (for a solar farm located on the landfill restored area) Still with Infinis TBC
- FCC's restoration scheme will be amended to accommodate the solar panels for the next 35 years, and then it will revert to the current approved scheme
- Train Sidings ongoing by HS2 potentially trains to return in 2028 TBC

HS2

- Continuing to monitor FCC's surface water discharge point which discharges to Claydon Brook via HS2/EKFB Culvert.
- Bucks Flood Management team attended site and Surveyed the ditches that lead to the Claydon Brook Discharge. Still waiting feedback

Other issues

- Trespassing on FCC land Fishing at the lagoons behind Sandstone Close
- Vandalism of FCC Leachate Tanks and Fence
- Crime numbers have been issued by the police, ongoing
- Security Fence installed w/c 9-6-25 completed 13-6-25
- Persimmons attended 11-6-25 for an hour to look at ditch line, no communication to FCC
- Mains Power to be connected TBC, by Brackley Lane Gate
